**Q1662.** One purpose of LITERARY CRITICISM is described below: The historical approach, for instance, might be helpful in addressing a problem in Thomas Otway's play Venice Preserv'd. Why are the conspirators, despite the horrible, bloody details of their obviously brutish plan, portrayed in a sympathetic light? If we look at the author and his time, we see that he was a Tory whose play was performed in the wake of the Popish Plot and the Exclusion Bill Crisis, and that there are obvious similarities between the Conspiracy in the play and the Popish Plot in history. The Tories would never approve of the bloody Popish Plot, but they nonetheless sympathized with the plotters for the way they were abused by the Tory enemy, the Whigs. Thus it makes sense for Otway to condemn the conspiracy itself in Vencie Preserv'd without condemning the conspirators themselves." What purpose does this prescribe to ?

- (A) To help resolve a question, problem, or difficulty in the readin  
(B) To help decide which is the better of two conflicting readings.  
(C) To enable to form judgments about literature.  
(D) All of the above answers are correct.'

**Q1663.** One purpose of LITERARY CRITICISM is described below: A formalist approach might enable us to choose between a reading which sees the dissolution of society in Lord of the Flies as being caused by too strict a suppression of the bestial side of man and one which sees it as resulting from too little suppression. We can look to the text and ask: What textual evidence is there for the suppression or indulgence of the bestial side of man? Does Ralph suppress Jack when he tries to indulge his bestial side in hunting? Does it appear from the text that an imposition of stricter law and order would have prevented the breakdown? Did it work in the grownup world of the novel? What purpose does this prescribe to ?

- (A) To help resolve a question, problem, or difficulty in the reading.'

| <p><b>Q1918.</b> It was possible, I reflected, that a mere different arrangement of the particulars of the scene, of the details of this picture, would be sufficient to modify, or perhaps to annihilate its capacity for sorrowful impression; and, acting upon this idea, I reined my horse to the precipitous brink of a black and lurid tarn that lay in unruffled lustre by the dwelling, and gazed down – but with a shudder even more thrilling than before – upon the re-modelled and inverted images of the gray sedge, and the ghastly tree-stems, and the vacant eyelike windows. What is the meaning of the word tarn? **Q2076.** It was about this time that I conceiv'd the bold and arduous Project of arriving at moral Perfection. I wish'd to live without committing any Fault at any time; I would conquer all that either Natural Inclination, Custom, or Company might lead me into. As I knew, or thought I knew, what was right and wrong, I did not see why I might not always do the one and avoid the other. But I soon found I had undertaken a Task of more difficulty than I had imagined. ... I included under Thirteen names of Virtues all that at that time occur'd to me as necessary or desirable, and annex'd to each a short Precept, which fully express'd the Extent I gave to its Meaning ?

| <p><b>Q2120. I know that many say that they are willing, perhaps the majority of the people, that we should enjoy our rights and privileges as they do. If so, I would ask why are not we protected in our persons and property throughout the Union? Is it not because there reigns in the breast of many who are leaders, a most unrighteous, unbecoming and impure black principle, and as corrupt and unholy as it can be'—while these very same unfeeling, self-esteemed characters pretend to take the skin as a pretext to keep us from our unalienable and lawful rights? I would ask you if you would like to be disfranchised from all your rights, merely because your skin is white, and for no other crime? I'll venture to say, these very characters who hold the skin to be such a barrier in the way, would be the first to cry out, injustice! | <p><b>Q2121. Mr. Covey entered the stable with a long rope; and just as I was half out of the loft, he caught hold of my legs, and was about tying me. As soon as I found what he was up to, I gave a sudden spring, and as I did so, he holding to my legs, I was brought sprawling on the stable floor. Mr. Covey seemed now to think he had me, and could do what he pleased; but at this moment'—from whence came the spirit I don't know'—I resolved to fight; and, suiting my action the resolution, I seized Covey hard by the throat, and as I did so, I rose. He held on to me, and I to him. ... He trembled like a leaf. ...We were at it for nearly two hours. Covey at length let me go, puffing and blowing at a great rate, saying that if I had not resisted, he would not have whipped me half so much. The truth was, that he had not whipped me at all. | <p><b>Q2123. The annals of Massachusetts Bay will inform us, that of six governors, in the space of about forty years from the surrender of the old charter, under James II., two were imprisoned by a popular insurrection – a third, as Hutchinson inclines to believe, was driven from the province by the whizzing of a musket ball – a fourth, in the opinion of the same historian, was hastened to his grave by continual bickerings with the house of representatives – and the remaining two, as well as their successors, till the Revolution, were favored with few and brief intervals of peaceful sway. **Q2875. In the first lecture of his Modern Poetry course, what argument does Professor Langdon Hammer make about the relationship between the modern city and poetic modernism ?**

- (A) Most modernist poets lived in large cities; therefore, they often used urban imagery in their poetry.
- (B) Many languages and many forms of language were used in large cities; modernist poets often treated language not as something given and natural but as a construct which they could manipulate.
- (C) Individuals often felt lost and alienated in large cities, and among poets this resulted in turning inward and focusing only on the world of one's own imagination.'
- (D) All of these answers

**[B]**
